Gravograph fonts help you to find the right tool

Enter the font's number of lines and the font height.

Computip calculates which cutter is the best.

Gravograph fonts are standardized. Thanks to their intelligent design, the engraving tools can be easily selected. You only need to know the font's number of lines and the font height.

Several application will help you to find the right cutter:
- Computip tool selector assistant (included in Gravostyle software)
- Cutters & inserts selection guide cardboard ruler
- Cutters & inserts selection guide online:
